Sir:

Applicants have received and reviewed the Notification to Comply with Requirements for Patent Applications Containing Nucleotide and/or Amino Acid Sequence Disclosures dated July 14, 2005. Following a telephone conference with the PCT Help Desk, Applicants submit this Response to the Notification to Comply. Applicants submitted a Preliminary Amendment on December 13, 2004, which includes a substitute specification with sequence listing and abstract. Applicants believe that the Preliminary Amendment entered the Sequence Listing into the application.

Serial No. 10/517,941

The statement submitted with the paper copy and the CRF copy on December 13, 2004, does not specify that no new matter was included. In an attempt to resolve that oversight, Applicants submit concurrently, a revised statement indicating no new matter was included.

If questions remain after consideration of the foregoing, the Office is kindly requested to contact applicants' representative at the address or telephone number given herein.

Respectfully submitted,
